

Azalea Pointe Owners Association Request for Architectural Review

It is important that each homeowner carefully read the Declaration of Covenants and Restrictions provided at closing before submitting any requests for approval of exterior improvements.

Architectural Reviews are allowed Thirty (30) days to process as outlined in the Declaration of Covenants and Restrictions.

Any permits required by government agencies (federal, state, or local) are still required and are the homeowner's responsibility to obtain. The association is not responsible for required governmental permits for approved projects.
